

DIESEL SCRUBBER

For use in “confined or indoor applications” where there is a requirement to significantly reduce carbon monoxide, hydrocarbons and exhaust irritants. It can be easily installed on any EURO Stage IIB diesel engine, is maintenance free and uses exhaust gas heat energy to burn harmful exhaust irritants.

How does the scrubber eliminate harmful emissions?

- High temperature of exhaust heat energy is required for proper purifier operations
- The hotter the exhaust heat energy, more heat energy is created to burn harmful exhaust irritants

Carbon monoxide (CO)

- At 160°C (320°F) can typically remove 50% or more of CO
- Above 260°C (500°F) can typically remove 90% or more of CO

Hydrocarbons (HC)

- At 250°C (482°F) can typically remove 50% or more of HC
- Above 300°C (572°F) can typically remove 70% or more of HC

Particulate Matter (PM)

- Dependent on engine, exhaust gas temperature, sulphur level in the fuel and duty cycle of the equipment
- Remove approximately 20% or more

Having equipment with features and functions that allow you and your customers to do more is a vital part of a rental company's utilization equation. Skyjack offers a range of accessory products to further expand a given product's adaptability and your power to offer a truly flexible rental choice. Accessoryzers™ is a Skyjack brand which covers factory certified attachments, options and accessories. These are developed, designed, and tested to provide increases in productivity, improved working conditions and minimal manual work.

TELESCOPIC / ARTICULATING BOOM LIFTS

ACCESSORIES

- Pipe rack
- Platform work lights

OPTIONS

- Airline to platform
- Hydraulic generator (3.5 kW)
- Diesel scrubber
- Hydraulic oil cooler
- Flashing lights
- Side gate
- All motion alarm
- Lockable control box cover
- Auxiliary top rail
- Secondary guarding – electrical or mechanical
- Lifting Lugs
- Side or rear gate entry
- 2.44 or 1.52 m platform sizes
- Tyre options

PACKAGE OPTIONS

- Hostile environment package
- Cold weather start kit
- Arctic weather package

ROUGH TERRAIN SCISSORS

ACCESSORIES

- Material handling stand
- RT heavy duty pipe rack

OPTIONS

- Dual extension decks
- Absorbent glass mat (AGM) batteries (RTE)
- Hybrid power pack (RTE)
- Diesel scrubber
- Hydraulic generator (2.0 or 3.5 kW)
- Flashing light
- All motion audible alarm
- Airline to platform
- Tyre options

PACKAGE OPTIONS

- Cold weather start kit

Please note: Standard lead times may be increased when optional equipment is added, consult factory. Capacities and machine weights may differ when options are added.
