

## EE RATING PACKAGE

Models: All DC Scissors (except SJ4740)

The “EE” rating package conforms to the NORTH AMERICA UL 583 Standard for electric battery powered industrial trucks. Provides protection in environments where ignitable concentrations of flammable gases, vapors, or liquids are present within the atmosphere under abnormal operating conditions.

- Enclosed DC electric motor
- Steel hydraulic tank
- Enclosed lower control panel
- Static ground strips
- Boots for battery terminals
- On board battery charger  
(batteries must be charged in a non-hazardous environment)
- Appropriate “EE” decals
- Lockable battery tray
- 110V outlet on platform with GFI  
(to be used only in non-hazardous environment)
- Most electrical components are UL or CSA marked
- Interlock on rear entrance
- End of line testing for compliance

Classification: Skyjack scissor lifts equipped with “EE” Rating Package can be used in Class I, Division II, Group D locations as specified by the NFPA 505 Fire Safety Standard.

Please note: Cannot be combined with the inverter, batteries options, ELEVATE keypad, single and dual flashing lights.
