

XSTEP

Increases working height and productivity.

After the introduction of the award-winning XStep, Skyjack has broadened the product offering, so that in addition to the micros, the SJ3215, and the SJ3219, the new XStep32 is now available on all Skyjack 32 series electric scissors.

The new XStep32 is a universal design and suitable for all our 32" (0.8 m) width electric scissors. Now, Skyjack customers can benefit from safe, maximized reach and productivity on even more of the product range.

- Compatible with all Skyjack 32 inch wide scissors. Skyjack micros up to SJ3232 E
- Commonality of parts across all models, provides fleet flexibility
- Easily stows and deploys on front of extension deck
- Deployable with extension deck in or out
- Modular design which weighs less than 45 lbs (20.4 kg) allows for easy transferring from one machine to another
- Lanyard attachment points are accessible if harness required
- Available as a factory fit or field installation
